

Lighten Your Burdens and Make Life More Pleasant
For Your Family With Lalley Light

Lalley Light & Power For Farms and Rural Homes ANNOUNCEMENT

We have secured exclusive franchise for selling the well-known Lalley Electric Light and Power Plant in this territory.

For some time we have noticed that the progressive farmers of this section are realizing that economical and reliable electricity is just as important—if not more so—to the proper development of their farming business and to the comfort of their home, as the telephone, the daily mail, the automobile, and the most valuable labor-saving machinery.

It is our intention to give the residents of this community the very best material and the best service for its maintenance.

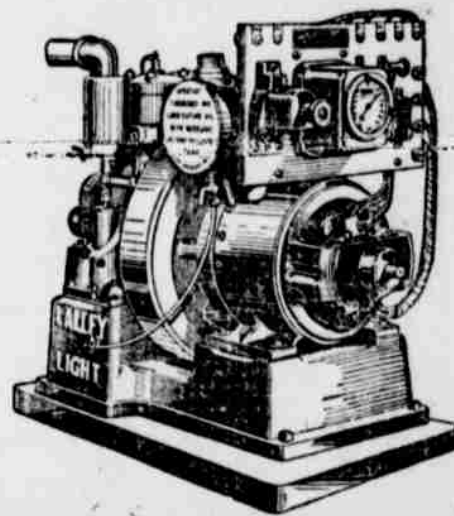

When we decided to sell an electric light and power plant, we set out to secure the plant, which, in our opinion, had proven itself to be the most reliable, the most economical, and in every way the best investment for our patrons.

We chose the Lalley Light Plant, manufactured by the Lalley Light Corporation of Detroit, Michigan, one of the largest manufacturers engaged exclusively in the production of farm electrical equipment.

Our Personal Word Is Behind the Lalley

The Lalley Light Plant has been in successful use on the farm and elsewhere for ten years. It has only three moving parts; it is ball bearing equipped; it will furnish ample electric light for your home and outbuildings, and electric power to operate a complete water system, a churn, a vacuum cleaner, an electric iron, a washing machine, an electric fan, and any other domestic electrical apparatus you may desire or need.

Come and visit us so that we may show you this Lalley Light plant, or telephone us and we will go to your house.
